

Dear Industry Partner,

On behalf of the NJ Association of EMS Educators I would like to ask for your support. Our organization is dedicated to promoting excellence in EMS education and ensuring that first responders in our state receive the highest quality training and resources available. We believe that our work is essential to ensuring the safety and well-being of our communities, and we are reaching out to companies like yours to ask for your help in continuing our mission.

As a potential corporate sponsor, you would have the opportunity to make a real difference in the lives of EMS professionals across New Jersey. Your support would enable us to offer training programs, workshops, and other educational resources that help first responders stay up-to-date with the latest techniques and technologies in the field. It would also help us to advocate for better standards and regulations that improve the quality of EMS care in our state.

In return for your support, we would be happy to recognize your company in a variety of ways. We can include your logo and other branding on our website, in our newsletters, and at our events. We can also provide you with access to our network of EMS educators and professionals, which includes some of the most knowledgeable and influential individuals in the field.

We are asking for your support because we believe that your company shares our commitment to improving the quality of EMS care in New Jersey. We know that you have many worthy causes to choose from, and we are grateful for any support that you can provide.

Thank you for considering our request. We look forward to hearing from you soon.

Sincerely,

Kevin Kurzweil  
President  
NJ Association of EMS Educators
